PARTNERSHIPS THAT MAKE YOUR DONATIONS GO FURTHER

PHILANTHROPY REPORT 2017-2018
FRIENDS,

As we begin to plan for a new year, I want to take a moment to recognize your support of the Magee-Womens Research Institute and Foundation. We understand the deliberation you put into supporting us, and I want you to know when you choose us, you are helping us move toward solutions for a wide array of women’s health issues. Collectively, our partnerships with foundations, corporations and individual donors contribute to year-after-year longevity, and it’s that kind of continuity that will help us make a real impact in women’s health research.

Benefit concerts supporting women’s health research at Magee-Womens Research Institute. Multi-million dollar grants funding international research collaborations. Individuals dedicating their birthday Facebook fundraisers to our foundation. Book and clothing drives for babies in the neonatal intensive care unit at UPMC Magee-Womens Hospital. Over the course of the 2017/2018 fiscal year, your dedication and support has contributed not only to our foundation’s financial success, it has served as a constant inspiration for us to find ways to fund the science that will lead to breakthroughs in critical areas of women’s health.

Whether you are a family buying tickets to Savor Pittsburgh or an organization granting money so early-career investigators can launch their research, you are helping us open the door to so much more: you are investing in women’s health. You are helping us better understand a wide range of conditions that impact human health, from heart disease to cancer to metabolic disorders. Your support can be life-changing.

This report details the success we’ve achieved together. Every promising development is a joint accomplishment. Because of you, our researchers are working to treat and eliminate infectious diseases in developing countries, improve fertility treatments, develop new and better treatments for breast and gynecologic cancers, deepen our understanding of how the first nine months in the womb influence a lifetime of health and wellness and improve the quality of life as we age.

Your support of Magee-Womens Research Institute and Foundation is more than just a smart financial investment—it provides crucial opportunities for our researchers to work toward the breakthroughs necessary to solve issues in women’s health. Every one of our donors makes a difference, regardless of the gift’s size. Smaller gifts and grants help support researchers so they can seek additional funding for their areas of inquiry—larger amounts fund research in progress and allow us to foster collaborations across the country and around the world. When you donate to us, the established partnerships and relationships we have help maximize your contribution so it’s as efficient and effective as possible.

On behalf of our staff, clinicians and researchers, thank you for your financial contributions and ongoing support. We want you to be confident that your investment with us is more than just a donation of time or money (or both)—it is a commitment to improved women’s health on a local, national and international scale. We hope to see you at our events over the coming year, to thank you personally and update you in real time on the incredible work happening at Magee-Womens Research Institute and Foundation.

Thank you for committing to and sharing our vision of a healthier world.

A WORD FROM OUR CEO
Thank you, our partners. We rely on partnerships like yours to advance our meaningful work. Whether you are a former patient who wants to give back or a community advocate for women’s health, you have chosen to invest in us and in the health of women worldwide.

Our partners listed below and on the following pages are those who have made a donation in support of Magee-Womens Research Institute & Foundation from July 1, 2017 through June 30, 2018. Every attempt has been made to ensure the accuracy of this list. If you have any questions, please contact Jean King at kingj@mwi.magee.edu or 422-641-8968.

In May, Women Who Rock participated with Magee-Womens Research Institute and Foundation, rolling out the pink carpet to more than 400 guests for an unforgettable musical fundraiser at the Hard Rock Café, Pittsburgh. Special guests included legendary Queen of Percussion, Sheila E., and WTAE’s Kelly Frey, who accepted an award for her inspirational fight with triple-negative breast cancer. This 2018 fundraiser raised $26,000 for women’s health research, a 400% increase from the previous year.

In 2017, to accommodate its growing attendance, Savor Pittsburgh moved to the Petersen Events Center. Over twenty local restaurants including Hyve Park Prime Steakhouse, Namasacm Woodlands, and McCormick & Schmick’s competed for “Dish of the Year”, raising $246,271.28 for life-saving women’s health research at Magee-Womens Research Institute.

The Richard King Mellon Foundation gave a $10 million grant over five years to Magee-Womens Research Institute supporting three separate projects around infant mortality: the launch of the Magee-Womens Research Summit and Magee Prize; a commitment to basic research, data analysis and clinical care expertise related to infant mortality; and the Magee Obstetrical Maternal Infant (MOMI) database, which is overseen by Dr. Janet Catov and members of her lab. The MOMI database uses data mining and probability forecasts to outline expected outcomes based on various interventions.
In 2017, The Eden Hall Foundation granted $3 million to Magee-Womens Research Institute to establish the Comprehensive Ovarian Biology Research Center. In part, the grant aided in attracting Ronald Budenschock, M.D., Ph.D., a renowned physician-scientist and expert in gynecologic cancers. This grant furthers Eden Hall’s mission to advance the impact on women’s health.

Dr. Tony Zieankau’s commitment to both research and mentorship led him to create the MWRI Faculty Fellowship, a fellowship to be funded by MWRI faculty that is designed to foster young researchers at the beginning of their careers.

Magee-Womens Research Institute & Foundation is grateful to our donors who fuel our research and enhance patient care and education. Your investment enables research that directly affects patient care today and contributes to a growing body of knowledge that will create healthier tomorrows in Pittsburgh and around the globe. Millions of women, infants, and men will benefit from your partnership with us. To pledge your continued support, visit www.mageewomens.org or call 412-641-8949.
