

CEN020 Study

The Center for Family Planning Research is conducting a research study to investigate a new monthly, hormone-free contraceptive intravaginal product.

You will be compensated up to \$780 for completing all research study procedures.

YOU MAY BE ELIGIBLE IF YOU:

- Are female at birth, age 18-40
- Have regular menstrual cycles
- Do not wish to become pregnant for at least 13 months
- Are sexually active with a male partner
- Are willing to try an investigational hormone-free method of birth control
